Interests
Film, football and comics. I am also into fitness and regularly visit the gym.

Training
- Completed Steer's Intensive five-day Front End Development course

- Apple Certified Pro - Final Cut Pro level one

Education

2005-2008	BA (2:1) in English at the University of Reading
2002-2004	A levels gained in English Literature (B), Psychology (A) and Media Studies (B)
2002	GCSEs gained in nine subjects, including English, Mathematics, Science, French and German.

Experience

2014 - 2015 — **Junior Front-End Developer**
Junior Front-End role at digital agency **Syzygy**. Working on sites for a number of big name clients including Mazda and Allianz; day to day maintenance of existing platforms and creating new modules and functionality.

2014 — **Front-End Developer Internship**
Tasked with creating a custom Wordpress theme for the **DIAS_ Creative** portfolio; HTML 5, CSS 3 jQuery and PHP, adopted a mobile-first approach utilising **Bootstrap** as a responsive framework. CSS compiled Sass/Compass and CodeKit. All work committed to **GitHub**.

Created a small web app using **PHP, AJAX, JSON** and jQuery, displaying the amount of UK power currently being provided by wind, which in turn powered a CSS animation of a wind turbine which spun faster or slower depending on the amount generated.

2010-2013 — **Junior Editor / Production Assistant**
Junior Editor/Production Assistant for **Large Blue/Green.TV**: Small creative agency environment; editing short form promos from ingest to playout using **FCP & Adobe Creative suite**.
